

# RECIPE: Biscuits On A Stick

RECIPE:

## INGREDIENTS:

(1) can of biscuits

(1) stick

\*adjust according to crowd size. 1 "biscuit on a stick" usually requires about 3 uncooked biscuit doughs.

## Extras:

Butter

Jelly/Jam

Honey

Chocolate sauce

## NOTES/DIRECTIONS:

Roll out the biscuit dough gently and begin wrapping it around the stick. Should take up about 6 inches. Make sure none of the stick is showing and all seams of dough are pinched and sealed. Stick over the campfire and cook until outside is golden brown. Let cool for a minute or two and carefully pull off. Eat plain or pour goodies inside like butter, jelly or honey!

\* You will need a clean stick for this so you might want to bring something from home instead of finding it at the campsite. Should be roughly the size of a broom stick.
